SUMMARY

Frontend developer building accessible React applications and reliable REST APIs.

SKILLS

React, TypeScript, Node.js, MongoDB, Git, HTML, CSS, Python

EXPERIENCE

Demo Software Lab | Frontend Intern | January 2025 - June 2025

Built three responsive React dashboards with TypeScript and reusable components.

Created Node.js REST APIs backed by MongoDB and documented 12 endpoints.

Collaborated with four teammates and reviewed pull requests using Git.

PROJECTS

Accessible Task Manager | React, TypeScript, Node.js

Implemented keyboard navigation, form validation, and automated API tests.

EDUCATION

B.Sc. Computer Science | Example University | 2025
